C. ASSURANCES

Applicant possesses legal authority to apply for the grant and to finance, acquire, and construct the proposed project; and by formal action (i.e., a resolution) the applicant's governing body authorized the filing of the application, including all understandings and assurances contained therein, and authorized the person identified as the official representative of the applicant to act in connection with the application and to provide such additional information as may be required.

Applicant will manage and maintain into the future any property acquired, developed, rehabilitated, or restored with grant funds provided through this program. For property acquisition or conservation easement, applicant will sign, notarize, and record an Agreement Declaring Restrictive Covenant (ADRC) developed by the California Department of Transportation. With the granting agency's prior approval, the applicant or its successors in interest may transfer the management and maintenance responsibilities in the property. If the property is not managed and maintained for the purposes stated in the Agreement, the state shall be reimbursed an amount at least equal to the amount of the grant award or, for real property, the pro rata fair market value of the property, including improvements, at the time of sale, whichever is higher.

Applicant will give the state's authorized representative access to and the right to examine all records, books, papers, or documents related to the grant.

Applicant will cause work on the project to be commenced within a reasonable time after receipt of notification from the state that funds have been approved and that the project will be carried to completion with reasonable diligence. If applicant cannot submit its first invoice for reimbursement to Caltrans by May 31, 2005, applicant will submit a statement of project progress appropriate to the project that provides real assurances that the project will be completed prior to April 30, 2007, including but not limited to: project advertisement or firm advertisement schedule, entry into escrow for acquisitions, date project plans will be completed, anticipated date of receipt of other needed funds from specified entity, etc.

Applicant will comply where applicable with provisions of the California Environmental Quality Act and the California Relocation Assistance Act and any other state, and/or local laws, rules and/or regulations.
